

# SEACHANGE 05

Managing development in  
diverse areas:

Auckland's experience

**John Duthie**

**Auckland City Council**

1. Water quality
2. Planning and regulation
3. Opening up the coast
4. Managing impacts
5. Hauraki Gulf
6. Downtown waterfront

# Water Quality

- swimmable water
- fixing old drainage systems
- managing growth
- stormwater treatment: at source vs end of pipe

# Planning and Regulation

- coastal management strategies
- zoning based on environmental capacity
  - not title boundaries
- second generation plans

# Opening up the Coast

- building a walkway network
- strategic land purchases

# Managing Historic Impacts

# Wetland and Stormwater Detention Basin

# Hauraki Gulf

- leadership –
  - Vision Hauraki
  - HG Forum
- marine reserves
- island communities

# Downtown Waterfront
